

## BAHAMAS PUBLIC FORECAST

BAHAMAS PUBLIC FORECAST FOR THIS AFTERNOON AND TONIGHT AND THE NEXT SIX (6) DAYS, ISSUED BY THE BAHAMAS DEPARTMENT OF METEOROLOGY AT 12:00 P.M. EDT, SATURDAY, JULY 4, 2026. THE NEXT SCHEDULED FORECAST WILL BE ISSUED AT 6:00 P.M. EDT.

**WARNING IN EFFECT:**

**Heat Advisory:** A **heat advisory is in effect for all areas of the Bahamas** due to high temperatures in the mid 90's and UV heat index in the triple digits (very high to extreme range) All residents and visitors are advised to remain hydrated, wear protective clothing and sunscreen and avoid prolonged sun exposure during peak sunshine hours of 11am to 4pm.

Hot and humid conditions continue across the Bahamas today, while a high pressure ridge dominate the weather across the country. Gentle to fresh breezes with slight to moderate seas along with brief passing showers, heavier with embedded thunderstorms in the Norther Islands are occurring over all areas.

**GENERAL SITUATION:**

**Outlook:** Fresh to moderate breezes will persist across the archipelago. Meanwhile, a thin layer of Saharan dust is expected to spread into the southern islands on Sunday, resulting in hazy conditions. The dust will inhibit shower activity in the Southeast Islands tomorrow while a tropical wave move south of the Islands. Unsettled weather is expected in the Central Bahamas on Monday when the wave move out of the dust mass. As we head into the work week, high pressure will remain the dominant weather feature while streaming moisture across the region supports hot temperatures and isolated showers and thunderstorms.

**Rip Currents:** A *slight* to *moderate* risk of rip currents exists along Atlantic-exposed coastlines tonight and through the next several days. Beachgoers are urged to exercise caution when entering the water.

**SPECIAL WEATHER NOTES:**

**Saharan Dust:** A *moderate amount of dust particles* will begin to invade the Southeastern and the Turks and Caicos Islands today drifting north through the island chain through next week. Residents with respiratory ailment should take precautions to ensure their health.

**NORTHERN BAHAMAS**
